Work History

We're Not Really Strangers
04/2022 - 01/2025

Senior Designer

Built branded digital journeys across social, web, and email

Designed and tested responsive templates for high engagement

Scaled email program to 900K+ subscribers

Achieved 13% CTR (vs. 1.7% avg) through editorial strategy

MuteSix
06/2020 - 04/2022

Senior Digital Design Manager

Led a team of 5 designers at a performance agency serving 300+ clients

Maintained a cross-platform design system and produced weekly go-to-market assets for sales, marketing, and accounts teams

Designed scalable web templates, worked with developers to migrate sales materials online

Trained team on tools and workflows for efficient rollout

Social Native
08/2018 - 03/2020

Graphic Designer

Designed marketing assets including whitepapers, case studies, event signage, and motion graphics

Built micro visual identities and managed freelance video and photo creatives to maintain brand consistency

Projects

Echo
2025

Designer/Developer

Designing and building a web app for anonymous one-to-one reflection using Supabase and JavaScript, as a slower, more intentional alternative to the rapid consumption of content on modern social platforms

Piggy
2024

UX Designer

Designed a collaborative budgeting app to refine UX workflow and deepen product design skills

Conducted user research, mapped flows, built a component library, and iterated through usability studies to improve clarity and function

Education

UCLA
09/2014 - 06/2018

Communication B.A.
Specialization in Computing
